Applications/Limitations

- This certificate shall not be used as related to Notified body according to EU Construction product regulation 305/2011.
- Scope of assessment is as per Voluntary scheme service by DNV based on the technical standard(s) requirement upon the request from the manufacturer.
- Scope of work doesn't cover verification of compliance to any regulatory requirement.
- Internal Performance test document KCL/DGP/DIP/QA/PT-01 Rev.No:00 & KCL/DGP/DIP/QA/PT-02 Rev.No:00 covers the initial performance testing details.
- The application is limited to rainwater transportation by products as per EN 598 & ISO 7186.
- This Certificate does not exempt the purchaser from his responsibility to ensure that this qualification is valid for his products within the requirements of the EN 545:2010, ISO 2531:2009/Cor.1:2010 & EN 598:2007+A1:2009
- Supply of the products as listed above shall be as per inspection documentation EN 10204 type- 3.1 or 3.2 requirements under the discretion of the purchaser.
- The re-qualification process shall be repeated if any essential changes are made to the production route or the manufacturing procedure. E.g. change in the final melting/refining process, a major change of the casting method, a major change of manufacturing equipment, welding procedure & process etc.
- If production is carried out at different plants/locations, a separate qualification is required for each plant. This applies also for change of in-house to subcontractors or change of subcontractor for essential operations.
- Welding, where permitted by relevant standard shall be carried out by qualified welders according to qualified procedures.
- NDT operator qualification shall be as per NS-EN ISO 9712/equivalent based on the purchaser's requirements as applicable.

Certificate No.: 10000491887-PA-DNV-IND
Place and date: Chennai, 30 December 2021
Revision No.: 0.0

Terms and conditions

The Certificate is subject to the following terms and conditions:

- Product liability rests with manufacturer, in case of damages caused by defective products.
- It is only valid for the product(s) listed above
- Periodic surveillance as agreed to be conducted to ensure continuity of the certificate.
- A visit shall be made to the manufacturer in case of changes to essential processes, or during re-qualification. Manufacturer shall inform the local DNV office for any changes made with respect to any design changes or manufacturing processes.

The following may render this Statement invalid:

- Any deviation to application/limitation listed above.
- Changes or amendments to the referenced standard and Technical file.

END OF CERTIFICATE

Lack of fulfilment of conditions as set out in the Certification Agreement may render this Certificate invalid.
